INTRODUCTION

In the case of Southern Burlington County NAACP v. the Township of Mount Laurel, (commonly known as Mount Laurel I), the New Jersey Supreme Court established the doctrine that developing municipalities in New Jersey have a constitutional obligation to provide a realistic opportunity for the construction of low and moderate income housing in their communities. In its Mount Laurel decision, decided on January 20, 1983 (Mount Laurel II), the Supreme Court expanded the Mount Laurel doctrine by stating that this constitutional responsibility extended to all municipalities in New Jersey. The Court also established various remedies, including the “builder remedy” or court-imposed zoning, to ensure that municipalities affirmatively addressed this obligation.

In response to the Mount Laurel II decision, the New Jersey Legislature adopted the Fair Housing Act in 1985 (Chapter 222, Laws Of New Jersey, 1985). The Fair Housing Act established a Council on Affordable Housing (COAH) as an administrative alternative to the courts. COAH was also given the responsibility of establishing various housing regions in the state, determining regional and municipal fair share affordable housing obligations and adopting regulations establishing the guidelines and approaches that municipalities may use in addressing their affordable housing need.

Under COAH’s regulations, low income households are defined as those with incomes no greater than 50 percent of the median household income, adjusted for household size, of the housing region in which the municipality is located, and moderate-income households are those with incomes no greater than 80 percent and no less than 50 percent of the median household income, adjusted for household size, of the housing region. For the Township of Manalapan, the housing region is defined by COAH as Region 4 and is comprised of Mercer, Monmouth and Ocean counties. For 2024, Region 4’s median income for a four-person household is \$130,054, the moderate-income limit is \$104,043, the low-income limit is \$65,027, and the very low income limit is \$39,016.

Pursuant to both the Fair Housing Act and the Municipal Land Use Law (MLUL), municipalities in New Jersey are required to include a housing element in their master plans. The principal purpose of the housing element is to provide for methods of achieving the goal of access to affordable housing to meet the municipality’s low- and moderate-income housing needs. The statutory required contents of the housing element are:

- An inventory of the municipality’s housing stock by age, condition, purchase or rental value, occupancy characteristics, and type, including the number of units affordable to low- and moderate-income households and substandard housing capable of being rehabilitated;
- A projection of the municipality’s housing stock, including the probable future construction of low- and moderate-income housing, for the ten years, taking into account, but not necessarily limited to, construction permits issued, approvals of applications for development and probable residential development of lands;
- An analysis of the municipality’s demographic characteristics, including but not necessarily limited to, household size, income level and age;

- An analysis of the existing and probable future employment characteristics of the municipality;
- A determination of the municipality's present and prospective fair share for low- and moderate-income housing and its capacity to accommodate its present and prospective housing needs, including its fair share for low- and moderate-income housing; and
- A consideration of the lands that are most appropriate for construction of low- and moderate-income housing and of the existing structures most appropriate for conversion to, or rehabilitation for low- and moderate-income housing, including a consideration of lands of developers who have expressed a commitment to provide low- and moderate-income housing.

MUNICIPAL SUMMARY

Manalapan Township is a 30.65 square mile suburban community located in western Monmouth County. In neighboring Middlesex County, Manalapan is bordered by Monroe Township and Old Bridge Township, to the north. In Monmouth County, Manalapan is bordered by Marlboro Township to the east, Freehold Township to the south and southeast, and Millstone Township to the west. The Borough of Englishtown is located entirely within Manalapan. Manalapan's land uses are typical of a suburban community and consist mostly of residential and farm assessed property with commercial corridors located along major roads such as Route 9.

The Township contains or is in the immediate vicinity of a number of notable natural features. A number of farm assessed properties are located throughout the Township, particularly in the southern portion of Manalapan and 21 separate farms have been preserved through the Monmouth County Farmland Preservation program. Monmouth Battlefield, a State Park and home to one of the largest battles of the American Revolution, is located within Manalapan Township and is listed on the National Register of Historic Places as a Historic District.

Manalapan had a population of 40,666 in 2023, according to the U.S. Census Bureau's American Community Survey Demographics and Housing Estimates. Manalapan has a population density of 1,335 persons per square mile of land area, which is lower than Monmouth County's overall density of 1,375 persons per square mile. Manalapan grew older between 2010 and 2023, with a 2010 median age of 40.1, and a 2023 median age of 43.9 years of age. The Township's 2023 median household income estimate of \$151,297 was higher than that of the County (\$122,727) and the State (\$101,050). In the guidelines established by COAH, Manalapan Township is located in affordable housing Region 4 which is comprised of Monmouth, Mercer, and Ocean Counties.

DEMOGRAPHIC CHARACTERISTICS

POPULATION

In 2023, the Township of Manalapan had a total population of 40,666, according to ACS 5-Year Estimates. This number represented an increase of 2,734 individuals or 7.2 percent since the 2020 Census. The percentage increase experienced by Manalapan between 2010 and 2023 (7.2%) is higher than the State's 6.3 percent increase and the County's 2.5 percent increase over the same period. Manalapan's population grew steadily from 1950 through 2023 but had begun to slow in the late 20th century/early 21st century. The Township experienced the greatest overall population growth between 1960 and 1970, with the population multiplying by over three-and-a-half times between the two decades. The 2023 population of 40,666 represented approximately 6.3 percent of the total population of Monmouth County. The total population pattern over time for Manalapan, Monmouth County, and the State of New Jersey are detailed below.

Among younger demographics, the under-five (5) cohort experienced the largest percentage decrease (-20.5%). The largest percentage gains were mostly seen among the older demographics. Individuals aged 65-74 years experienced the largest amount of growth, increasing by over 135 percent between 2010 and 2023. The second and third largest percentage increases were seen among the 60-64 years cohort (55.8%) and the 75-84 years cohort (22.5%). However, the number of individuals over the age of 85 decreased by 27.5 percent. Overall, the population of Manalapan grew by 7.2 percent between 2010 and 2023.

Monmouth County also experienced shifts in the age make-up of its population. Similarly to Manalapan, the County also experienced a significant contraction in the number of children under five (5) years old (-11.1%). Monmouth County also experienced positive growth among all age cohorts from 55 years and older. This suggests that the County, like Manalapan, has an aging population. The similarities in population age distribution between the Borough and the County are illustrated by the likeness in the shape of their population pyramids provided below.

The median age of Township residents increased between 2010 and 2023, rising from 40.1 years of age to 43.9 years. This trend follows a similar rise in the median age of Monmouth County’s population from 40.6 years to 43.2 years, and New Jersey’s population as well, from 38.5 years to 40.1 years, providing more evidence of the general “graying” of America as the Baby Boom generation continues to age.

HOUSEHOLD COSTS

The tables below show housing expenditures for owner-occupied and renter-occupied units in Manalapan in 2023. The first table shows the housing costs of owner occupants as a percentage of total income. A total of 3,523 households (27.10%) were devoting more than 30 percent of their annual income to housing costs. The State affordability threshold for housing as a percent of income suggests that not more than 28 percent of gross income should be allocated for housing costs.

Lands Most Appropriate for Affordable Housing

An analysis was conducted to determine which areas of the Township could accommodate developments that address affordable housing need. This analysis reviews the Township's existing zoning and planned zoning changes and outlines the Township's capacity to accommodate residential and non-residential growth projections. The following are included:

- An analysis of the available existing and planned infrastructure;
- The projected demand for types of uses permitted by zoning based on present and anticipated future demographic characteristics of the Township and anticipated land use patterns; and
- Factors, such as environmental conditions, that present constraints on development.

Infrastructure

Water and Sewer

The northern portion of Manalapan and the area surrounding the Route 33 corridor is located within public water and sewer service areas. Sewer service is provided by the Western Monmouth Utilities Authority, which directs wastewater to the Pine Brook Sewage Treatment Plant, a tertiary treatment plant in Manalapan Township. Public Water is provided by the Manalapan Township Water Department which purchases water from Suez Water.

Anticipated Demand and Land Use Patterns

The Township of Manalapan contains residential neighborhoods, farm assessed property, commercial development, and public uses with limited vacant land. According to NJTPA population estimates projected to 2050, it is anticipated that the Township's population will grow by approximately 1,340 people (3.4 percent).

Residential

Manalapan Township is a primarily suburban residential community. Higher density residential districts tend to be located in the portion of the Township north of Englishtown Freehold Road. Lower density residential areas and a higher concentration of farm assessed properties tend to be located south of Englishtown Freehold Road. It is anticipated that current residential areas will remain as such.

Non-Residential

Commercial uses within the Township of Manalapan tend to be focused along the State Highway 33 and US Hwy 9 corridors. Other non-residential uses include farms, concentrated in the southwestern portion of the Township, and public lands, including Monmouth Battlefield State Park in eastern portion of the Township. New non-residential development will continue to take place as the market allows along the major transportation corridors within the Township.

Environmental Constraints

Manalapan enjoys many natural environmental amenities, including habitat for threatened and endangered species and wildlife corridors, areas of mature woodlands, major aquifer outcrop areas, steep slopes, prime farmland soils, and historic sites. In order for these environmentally sensitive features to retain their existing quality and perform vital ecosystem functions, the Township must be conscious of its role as steward of its natural environment.

Manalapan Township contains areas of freshwater wetlands and transition areas, floodways and flood hazard areas, stream corridors, watershed of public water supply (Manalapan Brook and Matchaponix Brook), and Category one watershed (Weamaconk Creek and McGellairds Brook). While Manalapan Township contains 21 farms preserved through the Monmouth County farmland preservation program, totaling approximately 1,115 acres; and other areas of preserved land, the largest tract of which being Monmouth Battlefield State Park, care should be taken to conserve natural features that can absorb excess stormwater, filter polluted runoff, and perform vital ecosystem functions. Areas with sensitive environmental features are not suitable for development.

Historic

There are a number of facilities in Manalapan located on the State and National Register of Historic Places. These include the Monmouth Battlefield Historic District, Old Tennent Church, the Freehold and Jamesburg Agricultural Railroad Historic District, The Millhurst Mill/ Black's Mill/ Clifford Snyder Grist Mill Complex, and Bear Tavern. A Historic Preservation Plan Element was prepared as part of the 1991 Master Plan. While historic status is not generally a major source of development constraint in Manalapan, the Historic Plan element recommends that the impact of public or private projects on landmarks be a factor in evaluating the design and layout of development proposals.

CONSISTANCY WITH STATE PLAN

The Township of Manalapan remains consistent with New Jersey State Development and Redevelopment Plan. The northern portion of the Township and the areas in/around State Hwy 33 are located within the PA 2– Suburban Planning Area. This planning area includes a variety of communities and is intended to provide for future redevelopment while also revitalizing existing communities, to promote walkability and multi-modal transportation. The rest of the Township’s southern half is located within the PA 4B – Rural Environmentally Sensitive Planning Area. Locations within this Planning Area typically have one (1) or more environmentally sensitive features. The overall purpose of this Planning Area is to maintain large, contiguous areas of farmland, open space, and forested areas within the State.

Manalapan also contains multiple public documents related to storm water planning, most notably, a stormwater management plan that outlines the proactive steps the Township is taking to protect citizens and property from the adverse effects of stormwater flooding. The municipality also offers some educational reading to residents, which includes: a storm water letter from the Mayor, Solutions to Stormwater Pollution, and Pet Waste Pollutes our Waters.

Manalapan Township is not one of the State’s 36 designated Transit Villages; nor does the Township have any NJ Transit heavy rail connections. However, the US Hwy 9 corridor does support robust commuter bus services (Routes 139 and 67) to North Jersey and Midtown Manhattan. The nearest Transit Village to Manalapan is Aberdeen-Matawan train station, located approximately 12 miles from the Manalapan Municipal Center.

FAIR SHARE PLAN

Fair Share Obligation Summary

The Fourth Round (2025- 2035) housing obligation is based upon the figures calculated by the NJ Department of Community Affairs Affordable Housing Obligations for 2025-2035 (Fourth Round) Methodology. The Township's 2025-2035 affordable housing obligation is outlined in Table 26 below.

TABLE 25: FAIR SHARE OBLIGATION SUMMARY

Obligation Component	Number of Credits Required
Present Need	62
Prior Round Obligation (1987-1999)	706
Third Round "Gap" and Prospective Need (1999-2025)	808
Fourth Round Prospective Need (2025-2035)	252

The following sections outline the Township's plan for complying with its Fair Share Obligation.

Present Need

The Township of Manalapan has an estimated present need obligation of **62 units**. To satisfy this need, the Township will participate in the County administered rehabilitation program for owner occupied units. The Township will also establish a municipal rental rehabilitation program. This program will be advertised on the Township's website, with income limits, program features, and application processes clearly outlined. The program will be administered by Affordable Housing Alliance. The Township anticipates rehabilitating five (5) units for four (4) years and six units for seven (7) units per year to satisfy its rehabilitation obligation, in concert with participation in the County rehab program, by 2035.

Prior Round Obligation (1987-1999)

Record of COAH Compliance

Manalapan Township obtained a consent order for partial judgment in 1984. In 1986, the Township obtained a consent order for final judgement establishing the Township's fair share at 900 units. In 1992, the Township filed a motion with the court to extend the judgement of repose. COAH recommended extending Manalapan's period of repose to March 1995 by adopting a resolution granting interim substantive certification in 1994. COAH recommended the Township adopt a housing element and fair share plan as a condition of granting interim substantive certification. The Township prepared and adopted its first Housing Element and Fair Share Plan on February 23, 1995, addressing the housing obligation for the period from 1987 to 1999.

On March 13, 2003, Manalapan amended the 1995 plan and petitioned COAH to review and certify the amendment. COAH granted amended substantive certification as to Manalapan's second round affordable housing obligation on February 9, 2005.

The following developments, organized by unit type, address Manalapan's prior round obligation of 706 units:

Regional Contribution Agreements (RCA's)

While RCA's are no longer used to satisfy affordable housing obligations, municipalities are permitted to credit those RCA's which were in place and approved by COAH or the Court prior to July 17, 2008. Manalapan negotiated four such RCA agreements, one in 2003 with Hightstown in for 41 units, three (3) in 2005, with Lawrence Township for 62 units, Red Bank Borough for 100 units, and the City of Trenton for 119 units. RCA credits thus sum to 260 units, which is under the 50% cap of the Township's total affordable housing obligation, as established for RCA's in COAH's second-round rules.

Supportive and Special Needs Housing

There are four supportive and special needs group homes in Manalapan Township receiving rental credits in the prior round. They include the Alexandria Drive ARC group home, consisting of six (6) units, the Church Lane ARC group home, consisting of six (6) units, the Knox Lane group home, consisting of four (4) units, and the Sandpiper Drive group home, consisting of three (3) rental units. All group homes, except the Alexandria Drive project, received rental bonus credits at a 1:1 ratio of units to rental bonus credits, generating an additional 13 credits for a total of 32 credits.

Age-Restricted Rental Units

Manalapan has a single site with age-restricted affordable units, the Four Seasons (Heritage Village) development, which contains 100 affordable rental units for seniors. The development also yielded 29 bonus credits, for a total of 129 credits applied against the Township's Prior Round obligation.

Family Sale Units

There are four inclusionary developments in Manalapan that include a component of affordable, for-sale, non-age-restricted housing units that count toward the satisfaction of the Township's affordable housing obligation. The Knob Hill Inclusionary project includes 100 affordable units, the Samaritan Center development includes 67 affordable units, Tracy Station Woods has 28 affordable units, and Villages of Manalapan (Meadow Creek) has 26 affordable units, for a total of 221 constructed inclusionary units.

100% Affordable

The Township had entered into an Agreement with Affordable Housing Alliance to construct ten (10) affordable for-sale townhouse units and received credit for two (2) of these units in the Lewis Street Municipally sponsored project in the prior round.

Third Round Obligation (1999-2025)

On December 20, 2005, Manalapan submitted a third round housing plan, continuing to implement its certified first and second round plans, and addressed its third-round fair share obligation. In December 2008, the Township amended the Housing Element and Fair Share Plan and received determination from COAH that the petition was complete on February 25, 2009. COAH issued its recommendation for certification of the Township Plan on January 21, 2010. In April of 2010, the Township revised the Housing Plan to include additional projects which had been agreed upon during the mediation process. The Township's Third Round affordable housing obligation was 808 units. To address this need, the Township approved, or is currently in the process of approving: two 100% affordable family rentals (180 units), one 100% affordable for-sale unit (8 units), supportive and special needs housing (50 units), age restricted rentals (72 units), family inclusionary rentals (192 units), and family for sale units (104 units).

Supportive and Special Needs Housing

There is one (1) supportive and special needs housing project, which has been constructed. **Manalapan Crossing** (Block 66, Lot 8.01) is a mixed-use project that includes commercial development, 280 market-rate residential units, and 50 affordable supportive/special needs beds at the corner of Route 33 and Millhurst Road. This project will yield 50 credits.

Proposed 100% Affordable Family Rental Projects

There are two (2), 100% affordable family rental projects proposed in Manalapan.

1. The **Skeba Project aka Manalapan Crossing** (Block 72, Lot 6.01), consists of 100 affordable units. All of the proposed units are family rental units, yielding an additional 100 bonus credits at the permitted 1 to 1 ratio of units to bonus credits for family rentals and bringing the total project credits to 200. The project is under construction and consists of 34 units in the “very low – low – moderate” income range.
2. **Willows at Manalapan** (Block 47, Lot 17) is an 80-unit municipally sponsored 100 percent affordable family rental development, located in the western part of the Township on Wood Avenue. The site was rezoned by the Township as the Affordable Housing Overlay Zone-1 on December 16, 2009, to permit its development as a 100 percent affordable housing development. The development is completed and consists of 80 affordable units. All the proposed units are family rental units, yielding an additional 80 bonus credits at the permitted 1 to 1 ratio of units to bonus credits for family rentals and bringing the total credits for the project to 160.

Proposed Inclusionary Family Rental Projects

Three (3) inclusionary projects have been proposed in Manalapan, all of which provide family rental units. The anticipated projects are as follows:

1. The **Stavola** project consists of 145 total units, of which 45 will be affordable units. The site (Block 7232, Lots 1.02, 1.03, 2.04, and 3) will also consist of a commercial comment along Route 33 and an 80-bed assisted living facility. This project will yield 45 rental unit credits and 22 bonus credits (it is anticipated that the assisted living facility will yield an additional 10 credits, as discussed below). The project was given preliminary and final major subdivision approval by the Planning Board on October 4, 2021 and is currently under construction.
2. The **Diocese of Trenton** project is an inclusionary project located on Highway 33 (Block 72, Lot 10.01, 11.06, and 11.07) consisting of 221 market rate for sale units and 96 affordable family rental units. This project yields 96 rental credits and is approved and currently under construction.
3. **Franklin Lane** (Block 7, Lots 14.03 and 15.01) consists of 117 market rate family rentals and 51 affordable rental units, for a total of 168 family rental units on Franklin Lane. This project yields 51 rental credits. This project was given preliminary and final site plan approval by the Planning Board on October 9, 2021 and is currently under construction.

Proposed inclusionary development achieves 192 units of affordable housing. Because all of these units are family rental units, they yield an additional 192 bonus credits at the permitted 1 to 1 ratio of units to bonus credits for family rentals. COAH regulations also stipulate that the total amount of bonus credits claimed cannot exceed 25 percent of the total obligation, which creates, in the case of Manalapan's Third Round obligation, a cap of 202 bonus credits for application against the 808-unit requirement. Therefore, the proposed inclusionary family rental projects in Manalapan yield an actual number of 22 bonus credits, which when combined with the 180 family rental bonus credits from the 100% affordable Skeba and Willows at Manalapan projects met the cap of 202 bonus credits.

As development agreements are reached for the proposed inclusionary and 100% affordable planned project sites, the Township is updating its zoning regulations to permit the projects as negotiated. These new zones will apply to specific sites, similar to the existing affordable overlay districts within the Township.

Proposed 100% Affordable Family For Sale Projects

The Township had entered into an Agreement with Affordable Housing Alliance to construct ten (10) affordable for-sale townhouse units and received credit for two (2) of these units in the **Lewis Street** Municipally sponsored project (Block 48.01, Lot 8.04) in the prior round. Manalapan sought credit for the remaining eight (8) units in the project in Third Round.

Proposed Inclusionary For-Sale Projects

There are two (2) proposed inclusionary for sale projects in Manalapan Township, for which the Township is seeking credit. They are as follows:

1. **American Properties** is a mixed-use development along Route 33 on Block 7200, Lot 3.02, consisting of 100 market rate for-sale units and 29 affordable for-sale units, for which Manalapan is seeking credit for the 29 affordable for sale units.
2. The **Sobechko** project is a proposed 250 unit inclusionary for sale project located on Sobechko Road, consisting of 175 market rate family for-sale units and 75 affordable family for-sale units on Block 30, Lots 2, 3.01, 3.02, 4, and 7.01; for which the Township is seeking 75 credits. The project was given preliminary approval and variance relief by the Planning Board on March 25, 2021.

Age Restricted Rentals

There are three (3) age-restricted rental projects for which Manalapan Township received Third Round credit. They are:

1. **Woodward Estates** (Block 67, Lots 22, 25, 32, & 35.02) is an age restricted rental project on Millhurst Road consisting of 55 units, the Township received 55 credits. This project has been approved.

2. **Meridian Living at Manalapan** (Block 11.02, Lot 27.07) is an assisted living facility located at 289 Gordon's Corner Road with 120 beds. The facility maintains 12 Medicaid beds for which Manalapan for which Manalapan received credit in the Third Round.
3. The **Stavola** Project (Block 7232, Lots 1.02, 1.03, 2.04, and 3) is a mixed used development, consisting of a 145 unit family rental project, of which 45 will be affordable units; a commercial component along Route 33; and an 80 bed assisted living facility, which will provide the Township 10 Medicaid beds towards the Township's affordable housing obligation. This project will provide a total of 77 credits toward Manalapan's third round obligation as discussed in the family inclusionary rental section above, 10 of which will be credited under age restricted rentals. This project is approved and under construction.

Compliance with Affordable Housing Distribution Requirements

The Substantive Rules for affordable housing that were promulgated as Chapter 93 and which are being used during the present round include limitations on the number of age-restricted affordable units that can count toward the municipal obligation, as well as a cap on the number of bonus credits that can be claimed for rental units. There is also a minimum requirement for the provision of rental units as opposed to sale units, and requirements for the distribution of units across very low-, low- and moderate-income categories. Manalapan complies with these rules as follows:

Fourth Round (2025-2035)

Age Restricted Maximum

Maximum number age-restricted units = $0.3 * 252 = 76$ units

Maximum bonus credits = $0.25 * 252 = 63$ credits

The Township is claiming far fewer age-restricted units than the maximum ceiling that is permitted.

Rental Unit Minimum

Minimum number of rental units = $0.25 * (252) = 63$ units

Rental units provided for the fourth round = 71 units

The Township is meeting the minimum number of rental units required.

Appendix A: Spending Plan

TOWNSHIP OF MANALAPAN AFFORDABLE HOUSING TRUST FUND SPENDING PLAN

The Township of Manalapan has a history of compliance with its Mount Laurel affordable housing obligation and has previously implemented all necessary ordinances for establishing an affordable housing trust fund financed through the collection of mandatory development fees to assist in accomplishing the provision of affordable housing.

The Township has prepared a Fourth Round Housing Element and Fair Share Plan that advances a comprehensive strategy for meeting its regional share of affordable housing need in accordance with the intent of the Municipal Land Use Law (N.J.S.A. 40:55D-1 et seq.) and the Fair Housing Act (N.J.S.A. 52:27D-301), and in accordance with the procedural and substantive requirements of N.J.A.C. 5:93-1 et seq. and N.J.A.C. 5:91-1 et seq. The Township has actively participated in the Fourth Round compliance process.

The Township's existing development fee ordinance, codified as Chapter 95, Article XIV of the Township's General Legislation, most recently revised in 2020, will be updated and continue to require and regulate the collection of residential and non-residential development fees as revenue for the Township's affordable housing trust fund. The sections below outline the Township's plan for the administration and use of collected development fee revenues as per the requirements of N.J.A.C. 5:93-5.1(c).

I. Projected Revenues through 2035

A projection of anticipated revenues to be collected during the tenure of the Fourth Round has been calculated based on historical annualized trends in the amount of development fees collected to date.

As of December 31, 2024, the Township had a balance of \$862,606.07 in the trust fund account. Averaging expenditures for 2018 through 2025, the Township has expended an average of \$519,585 per year and had an average income of \$516,302.23 per year. Due to the post COVID-19 development boom, fees for 2021 and 2022 only were averaged to determine an annual projected development fee of \$557,159.75 for the year 2025. This figure, in combination with the fund's interest rate, provides a reasonable estimate for anticipated annual development fee revenues through 2035.

The Township of Manalapan projects a total of \$2,074,944.85 in revenue and interest to be collected from January 1, 2025 to December 31, 2035. This projected amount, when added to the trust fund balance from December 31, 2024, results in an anticipated total revenue of \$2,937,550.92 available to fund and administer the Township's affordable housing plan and programs. All interest earned on the account shall accrue to the account and be used only for the purposes of affordable housing. See the Projected Revenues Table, appended to the

end of this Spending Plan.

II. Administrative Mechanisms for Collecting and Distributing Revenues

The Township's existing Development Fee Ordinance is recorded in Chapter 95, Article XIV of Manalapan's General Legislation. Procedures for collection, administration, and distribution of development fees as affordable housing trust fund revenues are fully established in this section. The Township's ordinance complies with P.L. 2008, c.46 section 8 (C. 52:27D-329.2) and the Statewide Non-Residential Development Fee Act (C. 40:55D-8.1 through 8.7).

The Development Fee Ordinance covers the following general topics:

1. Determination of residential development fees;
2. Determination of non-residential development fees;
3. Fee collection procedures;
4. Operation of the affordable housing trust fund;
5. Permitted uses of funds;
6. Monitoring; and
7. Ongoing collection of fees as related to affordable housing compliance.

All development fees are deposited in a separate affordable housing trust fund held in an account at Wells Fargo. Per stipulations in the Development Fee Ordinance the account and the record of distribution of funds is maintained by the Township's Chief Financial Officer.

III. Anticipated Use of Development Fees

As per the Township's ordinance, development fees shall be used for the sole purpose of providing low- and moderate-income housing. Funding mechanisms can be set up as a grant or revolving loan program to cover costs associated activities including, but not limited to, the following:

1. Preservation or purchase of housing for maintaining or implementing affordability controls;
2. Rehabilitation grants;
3. New construction of affordable housing units and related costs;
4. Implementing accessory apartment, market to affordable, or regional housing partnership programs;
5. Conversion of existing non-residential buildings to create new affordable units;
6. Green building strategies designed to be cost saving and in accordance with accepted national or State standards;
7. Purchase of land or improvement of land to be used for affordable housing;
8. Extensions or improvements of roads and infrastructure to affordable housing sites;
9. Financial assistance designed to increase affordability; and

10. Administration necessary for implementation of the Housing Element and Fair Share Plan.

(A) Anticipated Rehabilitation

The Township of Manalapan will dedicate \$620,000 towards rehabilitation opportunities.

Rehabilitation Program

The Township anticipates dedicating \$620,000 to its rehabilitation program. As discussed in the Housing Element and Fair Share Plan, Manalapan has a rehabilitation present need obligation of 62 units. To address this need, the Township plans to provide eligible households with the equivalent grant funding to meet this obligation at an estimated cost of \$10,000 per grant. The Township anticipates rehabilitating an average of five (5) units per year for the first four (4) years, and six (6) units per year for the remaining seven (7) years to satisfy its rehabilitation obligation. See the Projected Expenditures table appended to the end of this spending plan for a yearly breakdown of rehabilitation program expenditures.

Manalapan's Rehabilitation Program is managed by the Manalapan Township Affordable Housing Administrative Agent. The availability of the program shall be advertised continually on the Township's website.

(B) Affordability Assistance Requirement

As per the requirements of N.J.A.C. 5:93-8.16, at least thirty (30%) percent of all development fees and interest earned shall be used to provide low- and moderate-income households in affordable units with affordability assistance. One-third of the required affordability assistance shall specifically be used to provide affordability assistance to very low-income households (i.e. those households earning thirty percent or less of regional median income). The Townships anticipates using a minimum of \$881,265.28 from the Affordable Housing Trust Fund towards affordability assistance.

Extension of Controls

The Township of Manalapan anticipates spending \$1,940,000 to extend the affordability controls of 194 units, at the cost of \$10,000 per unit.

The projected minimum affordability assistance requirement through 2035 is calculated as follows:

Table 1. Minimum Affordability Assistance

(C) Administrative Expenses

Manalapan Township may contract with a private or public entity to administer any part of its Housing Element and Fair Share Plan. Also in accordance with N.J.A.C. 5:93-8.16, to the extent that funds are available after funding the programs outlined above, the Township can use up to twenty (20%) percent of all revenues collected from development fees on administration, including, but not limited to, salaries and benefits for municipal employees or consultant fees necessary to develop or implement a new construction program, rehabilitation program, a Housing Element and Fair Share Plan, an affirmative marketing program, income qualification of households, monitoring the turnover of sale and rental units, and/or compliance with monitoring requirements.

The projected maximum administrative expenditures through 2035 is calculated as follows:

Table 2. Maximum Administrative Expenditures

Projected maximum administrative expenditures (20%)	\$ 587,510.18

Through 2035, Manalapan anticipates using a total of \$377,500.00 of the maximum allowable \$587,510.18 for administrative expenses.

IV. Schedule for New or Rehabilitated Housing Units

The schedule for new or rehabilitated housing units is documented by year in the Projected Expenditures table attached to this Spending Plan.

V. Implementation in the Event of Unexpected Shortfalls

The Township of Manalapan will commit to funding any shortfall of revenue needed to

implement the Housing Element and Fair Share Plan as outlined above. Shortfalls will be addressed as need arises. The Township will fill gaps in funding through municipal bond. Any excess funds shall be put toward additional affordability assistance measures.

VI. In Sum

Manalapan has prepared this Spending Plan in support of the implementation of its Fourth Round Housing Element and Fair Share plan, and in accordance with the administrative requirements of N.J.A.C. 5:93-1 et seq. The Spending Plan represents the Township's intended use of development fee revenues that are collected in its Housing Trust Fund, illustrating how the Township will use these funds to provide for its fair share of regional affordable housing need.
