EXECUTIVE SUMMARY

This amendment to the Borough's Fourth Round Housing Element and Fair Share Plan, originally adopted on June 18, 2025, details updates to four of the appendices included or not prepared at that time. The New Jersey Department of Community Affairs finalized amendments to the Uniform Housing Affordability Controls (N.J.A.C. 5:80-26.1, et. seq.) and the Affordable Housing Rules (N.J.A.C. 5:99) in December of 2025 that affected the Borough's Affordable Housing Regulations, Spending Plan and Development Fee Ordinance requiring these updates. Additionally, this amendment includes the final form of the ordinance amending the Borough's AH zone, intended to be adopted by Borough Council prior to the March 15, 2026 deadline set forth in the amended Fair Housing Act (P.L. 2024, c.2).

Updates appendices 5, 6, 8 and 10 are the only changes proposed with this amendment and are included on the following pages.

INTRODUCTION

Alpha Borough has prepared a Housing Element and Fair Share plan that addresses its regional fair share of the region's affordable housing need in accordance with the Municipal Land Use Law (N.J.S.A. 40:55D-1 et seq.), the Fair Housing Act (N.J.S.A. 52:27D-301), the applicable regulations of the Council on Affordable Housing (COAH) (N.J.A.C. 5:96-1 et seq.) as to the fourth round period, covering the period of July 1, 2025 to June 30, 2035.

As part of its strategy to further assist the provision of affordable housing in the Borough, Mayor and Council adopted a development fee ordinance applicable to both residential and nonresidential development, with funds collected to be placed in an affordable housing trust fund. The Borough's development fee ordinance is provided in Appendix 10 of the fourth round housing plan. As of February 5, 2026, the balance in the Borough's affordable housing trust fund is \$2,170,060.

1. REVENUES FOR CERTIFICATION PERIOD

To calculate a projection of revenue anticipated during the period of fourth round compliance, reflected in Table 1 on the following page, Alpha Borough considered the following:

(a) Development fees:

1. Residential and nonresidential projects which have had development fees imposed upon them at the time of preliminary or final development approvals;
2. All projects currently before the Land Use Board for development approvals that may apply for building permits and certificates of occupancy; and
3. Anticipated future development.

(b) Projected interest:

Interest on the projected revenue in the municipal affordable housing trust fund at the current annual percentage yield of 0.76% .

2. ADMINISTRATIVE MECHANISM TO COLLECT AND DISTRIBUTE FUNDS

The Borough will follow procedures for collecting development fee revenues consistent with the amended development fee ordinance in §410-88.F.

(a) Collection of development fee revenues:

Collection of development fee revenues shall be consistent with Alpha Borough's Development Fee Ordinance for both residential and non-residential developments in accordance with COAH's rules, P.L.2008, c.46, sections 8 (C. 52:27D-329.2) and 32-38 (C. 40:55D-8.1 through 8.7) and P.L. 2009, c. 90 (C. 40:55D-8.1 through 8.7).

(b) Distribution of development fee revenues:

The Administrative Agent and Municipal Housing Liaison (MHL) will review all requests/proposals for funding from the Borough's Housing Trust Fund to determine consistency with the approved Housing Element/Fair Share Plan and the approved Spending Plan and will prepare a report to the Borough Council with appropriate recommendations. All distributions from the Housing Trust Fund shall be authorized by a Resolution adopted by the Borough Council.

3. DESCRIPTION OF ANTICIPATED USE OF AFFORDABLE HOUSING FUNDS(a) **100% Affordable Housing Project**

As outlined in the Borough's fourth round Housing Element and Fair Share Plan, Alpha will partner with Ingerman for a 100% affordable project of 48 units on Borough-owned land. In addition to donating land, the Borough will contribute \$3 million from the trust fund to assist project financing.

(b) Affordability Assistance (N.J.A.C. 5:97-8.8)

Based on the projected development fees to be collected less money collected for specific mechanisms, the projected minimum affordability assistance requirement is depicted in Table II below.

Total	\$343,103
30% Affordability Assistance	\$102,931

The Borough will utilize the minimum 30% of development fees required for affordability assistance, or \$102,931, to render rental units more affordable to low and very low income households as specified in the affordability assistance manual adopted as part of the Housing Element and Fair Share Plan. This includes spending \$30,879 to render units affordable to very low income households.

(c) Administrative Expenses (N.J.A.C. 5:97-8.9)

Based on projected revenues and considering the 20% cap on administrative expenses, the Borough could expend up to \$660,012 on administrative expenses. True expenditures are expected to total less than \$20,000, as little in the way of administration is needed for the programs proposed.

**BOROUGH OF ALPHA
WARREN COUNTY, NEW JERSEY
ORDINANCE NO. .**

AN ORDINANCE AMENDING CHAPTER 410 “ZONING”, ARTICLE III “USE REGULATIONS”, § 410-16 “AH Affordable Housing Zone” TO REPEAL THE CURRENT REQUIREMENTS AND REPLACE THIS SECTION IN ITS ENTIRETY

WHEREAS, the Borough, as part of its fourth round Housing Element and Fair Share Plan, has identified municipal property currently in the AH Affordable Housing Zone as being appropriate to accommodate a 100% affordable housing project where the Borough will partner with and contribute public resources to said project in the form of land and subsidy from the Municipal Affordable Housing Trust Fund; and

WHEREAS, the Governing Body has endorsed the fourth round plan adopted by the Planning Board and is desirous of implementing the mechanism identified in that fourth round plan relative to municipal-owned property currently within the AH Affordable Housing Zone, which requires update of the standards for the AH Zone to permit the proposed 100% affordable housing project.

NOW, THEREFORE, BE IT ORDAINED by the Governing Body of the Borough of Alpha, in the County of Warren and State of New Jersey as follows:

Section I. §410-16 shall be repealed in its entirety and replaced with the following text:

§ 410-16 AH Affordable Housing Zone.

A. Purpose.

(1) The purpose of the AH District is to create a realistic opportunity for a 100% affordable housing project to be constructed to assist the Borough in meeting its entire fourth round affordable housing obligation. Special standards and procedures applicable to the AH District only are set forth herein to expedite the production of affordable housing.

(2) Any provision of this chapter or any other ordinance which is in conflict with this section and which imposes restrictions or limitations not otherwise required for health and safety, shall be inapplicable to the AH Zone.

B. Application procedures.

(1) The applicant shall submit all plans and documents to the Board for review and approval as required by Chapter 350, Subdivision of Land, Chapter 315, Site Plan Review, or any more recently enacted ordinance similarly entitled, as applicable. The Board shall distribute the plans to those municipal agencies and commissions required by law to review and/or approve development plans and to all other municipal agencies which normally review development plans. The failure of a municipal agency to submit a report to the Board shall not extend the time for review and action by the Board. All outside agency approvals required, including but not limited to the Warren County Planning Board and the New Jersey Department of Environmental Protection, shall be the sole responsibility of the applicant.

(2) The technical advisors to the Board shall review the complete application for technical compliance and shall convey comments directly to the applicant's advisors in advance of the public hearing so that at the time of the public hearing the applicant will have had sufficient opportunity to resolve any technical problems associated with the submission. Daytime meetings shall be scheduled at the request of the applicant between the Board's technical advisors and the applicant's advisors for this purpose.

(3) The Board shall hold a public hearing in accordance with N.J.S.A. 40:55D-46 on the application. The Board shall take action on the application within 95 days from the date of submission of a complete application for preliminary or for simultaneous preliminary and final site plan or

subdivision approval. If final approval is sought under a separate application after the granting of preliminary approval, action on the final plan shall be taken by the Board within 30 days of the date a complete application is submitted.

(4) The applicant is encouraged to submit a concept plan for informal review by the Board pursuant to N.J.S.A. 40:55D-10.1 prior to the preparation of a preliminary development plan.

(5) The development plans submitted shall contain all of the information required by ordinance for the preparation of a site plan and/or a subdivision, as applicable, except that the Board may exempt the applicant from the requirement to submit full environmental, traffic and community impact statements, provided that the applicant submits specific data requested by the Board to facilitate its review which shall include, as a minimum, wetlands and stream encroachment analyses, if applicable, intersection studies and school population projections. Exemption granted by the Board for any of the above relative to the municipal application shall not relieve the applicant of the need to prepare such reports for outside agencies requiring them.

C. Permitted uses.

(1) Principal uses.

(a) Multifamily dwellings, all of which shall be affordable to low and moderate income households.

(2) Accessory uses and structures.

(a) Off-street parking facilities.

(b) Storage and maintenance buildings.

(c) Recreation uses including play areas and structures and dog parks.

(d) Community buildings.

(e) Customary accessory structures approved as part of the site plan for the development, including fences, walls, lampposts, trellises and the like.

(f) Signs in accordance with Article VII of this chapter.

(g) Solar panels mounted to the roof of a building.

(h) Electric vehicle charging stations and infrastructure.

(i) Utility structures including, but not limited to, transformers and hot boxes, which may be located in a required yard space if mandated by the utility provider.

(j) Trash enclosures.

(2) Density. The permitted gross density of development on the tract shall not exceed a total of forty-eight (48) units.

(3) Setback requirements for multifamily dwellings:

(a) There shall be the following minimum distances between buildings:

[1] Windowless wall to windowless wall: 20 feet.

[2] Window wall to windowless wall: 25 feet.

[3] Window wall to window wall:

[a] Front to front: 60 feet.

[b] Rear to rear: 50 feet.

[c] End to end: 30 feet.

[4] Any building face to curbface: 10 feet.

(4) Coverage. The maximum coverage by buildings shall not exceed 50%. The maximum coverage by all impervious surfaces, including buildings, shall not exceed 75%.

(5) Buffer areas. No building, driveway or parking area shall be located within 75 feet of any tract boundary line, except that this requirement shall not apply to a tract boundary abutting an existing railroad right-of-way or publicly owned land, where a minimum setback of 15 feet shall be provided. Stormwater management facilities may be located within the required 75 foot buffer

provided they contain vegetation.

(6) Building height. No building shall exceed 3.5 stories in height, nor shall any building exceed 45 feet in height.

(7) Parking shall be provided for all residential uses in accordance with the Residential Site Improvement Standards (N.J.A.C. 5:21). As those requirements represent the maximum parking that can be required as part of any residential development, the Planning Board may approve fewer parking spaces, but in no case shall less than one and one half parking spaces be provided per unit, regardless of the number of bedrooms within the unit.

(8) Parking spaces in common parking areas shall be located within 250 feet of the structure served.

(9) All required parking shall be provided off-street, except that nothing herein shall be construed to prohibit additional nonrequired, on-street parallel parking spaces, provided the street width is appropriately designed.

(1) Affordability requirements. The affordable housing units constructed shall comply in all respects with the requirements of the Borough's Affordable Housing Ordinance, §401-67 THROUGH §410-87, as applicable, and the Uniform Housing Affordability Controls (N.J.A.C. 5:80-26.1 et seq.).

(2) Administration and marketing costs. The developer shall assume all costs associated with administering the terms of the Affordable Housing Ordinance (through a third-party Administrative Agent selected by the developer) as well as the costs of implementing the Affirmative Marketing Plan for the affordable housing units in the development. Should a developer have in-house staff certified or otherwise qualified to undertake the duties of an Administrative Agent, they may utilize such staff to undertake administration and affirmative marketing of the affordable housing units.

G. Engineering and construction design standards. The standards for engineering and construction of the project shall be governed by the Residential Site Improvement Standards and by the provisions of this section.

(1) Lighting.

(a) Streetlighting shall be provided at all street intersections and along all collector and local streets, parking areas and anywhere else deemed necessary for safety reasons.

(b) Any outdoor lighting such as building and sidewalk illumination, driveways with no adjacent parking, the lighting of signs, and ornamental lighting shall be shown on a lighting plan in sufficient detail to allow a determination of the effects upon adjacent properties, roads, and traffic safety from glare, reflection and overhead sky glow in order to recommend steps needed to minimize these impacts.

(c) The intensity of lighting in parking areas and along buildings and walkways shall average a minimum of 0.5 footcandles.

(d) Light intensity along all tract boundaries shall not exceed 0.2 footcandles.

(2) Landscaping. Provisions shall be made for the preservation of existing trees and natural features to the extent possible. All disturbed areas shall be landscaped. Landscaping shall be provided as follows:

(a) Shade trees shall be planted along all streets and access roads and in common parking areas. Such trees shall be a minimum of two inches in caliper at time of planting, shall be native to the area, and shall be planted a minimum of 50 feet on center along both sides of all streets and common parking areas. The Planning Board shall approve the choice of plantings.

(b) Buffer areas shall be left in a natural state wherever trees and shrubbery exist which are outside the limits of disturbance; otherwise, buffer areas shall be planted with conifers, six feet to eight feet high at time of planting, twenty feet on center at the rate of one tree per 500 square feet of buffer area.

(c) All disturbed areas shall be planted in grass or ground cover.

(d) All medium to large trees, including evergreens and deciduous trees, shall be of nursery stock, balled and burlapped, healthy and free of disease, and guaranteed for at least two growing seasons.

(e) Foundation plantings shall be provided around each building proposed, to include a

mixture of evergreen and deciduous shrubs and perennials. Annual flowers may be used at the developer's discretion.

Section II. Severability

If any section, part of any section, or clause or phrase of this ordinance is for any reason held to be invalid or unconstitutional, such decision shall not affect the remaining provisions of this ordinance. The governing body of the Township of Mantua declares that it would have passed the ordinance and each section and subsection thereof, irrespective of the fact that any one or more of the subsections, sentences, clauses or phrases may be declared unconstitutional or invalid.

Section III. Effective Date.

This ordinance shall take effect immediately upon passage and publication according to law.

This shall apply to prior round units.
 - (b) Restricted units and market-rate units within the same affordable development must be sited such that restricted units are not concentrated in less desirable locations.
 - (c) Restricted units may not be physically clustered so as to segregate restricted and market-rate units within the same development or within the same building, but must be interspersed throughout the development, except that age-restricted and supportive housing units may be physically clustered if the clustering facilitates the provision of on-site medical services or on-site social services. Prior round affordable units shall be integrated with market rate units to the extent feasible.
 - (d) Residents of restricted units must be offered the same access to communal amenities as residents of market-rate units within the same affordable development. Examples of communal amenities include, but are not limited to, community pools, fitness and recreation centers, playgrounds, common rooms and outdoor spaces, and building entrances and exits. This shall apply to prior round units.
 - (e) Restricted units must include adequate air conditioning and heating and must use the same type of cooling and heating sources as market-rate units of the same unit type. This shall apply to prior round units.

- (b) Restricted units may be clustered, provided that the buildings or housing product types containing the restricted units are integrated throughout the development and are not concentrated in an undesirable location or in undesirable locations. Prior round affordable units shall be integrated with market rate units to the extent feasible.
- (c) Restricted units may be of different unit housing product types than market-rate units, provided that there is a restricted option available for each market rate housing type. Developments containing market-rate duplexes, townhomes, and/or single-family homes shall offer restricted housing options that also include duplexes, townhomes, and/or single-family homes. Penthouses and higher priced end townhouses shall be exempt from this requirement. The proper ratio for restricted to market-rate unit type shall be subject to municipal ordinance or, if not specified, shall be determined at the time of site plan approval.

- (3) Within rental developments, of the total number of affordable rental units, at least 13%, rounded up to the nearest whole number, shall be affordable to very low-income households. The very low-income units shall be distributed between each bedroom count as proportionally as possible, to the nearest whole unit, to the total number of restricted

units within each bedroom count, and counted as part of the required number of low-income units within the development.

- (4) Affordable housing developments that are not age-restricted or supportive housing shall be structured such that:

Supportive housing units whose sponsoring program determines the unit arrangement shall comply with all requirements of the sponsoring program. The standard may be met by having all one-bedroom units or by having a two-bedroom unit for each efficiency unit. F. Accessibility requirements.

- (1) Any new construction shall be adaptable; however, elevators shall not be required in any building or within any dwelling unit for the purpose of compliance with this section. In buildings without elevator service, only ground floor dwelling units shall be required to be constructed to conform with the technical design standards of the barrier free subcode. - C. Updated regional income limits are effective as of the effective date of the regional Section 8 income limits for the year, as published by HUD, or 45 days after HUD publishes the regional Section 8 income limits for the year, whichever comes later. The maximum rent may be increased to no more than 70 percent of regional median income for moderate-income units within affordable developments where very-low-income units compose at least 13 percent of the restricted units; however, the number of units with rent affordable to households earning 70 percent of regional median income may not exceed the number of very-low-income units in excess of 13 percent (rounded up) of the restricted units.

In achieving this affordability average, moderate-income ownership units must be available for at least three different prices for each bedroom type, and low-income ownership units must be available for at least two different prices for each bedroom type when the number of low- and moderate-income units permits.
- F. The master deeds and declarations of covenants and restrictions for affordable developments may not distinguish between restricted units and market-rate units in the calculation of any condominium or homeowner association fees and special assessments to be paid by low- and moderate-income purchasers and those to be paid by market-rate purchasers. - I. The initial purchase price for all restricted ownership units shall be calculated so that the monthly carrying cost of the unit, including principal and interest (based on a mortgage loan equal to 95 percent of the purchase price and the FreddieMac 30-Year Fixed Rate-Mortgage rate of interest), property taxes, homeowner and private mortgage insurance and condominium or homeowner association fees do not exceed 30 percent of the eligible monthly income of the appropriate size household as determined pursuant to N.J.A.C. 5:80-26.7, as may be amended and supplemented; provided, however, that the price shall be subject to the affordability average requirement of N.J.A.C. 5:80-26.4, as may be amended and supplemented.
- J. The initial rent for a restricted rental unit shall be calculated so that the total monthly housing expense, including an allowance for tenant-paid utilities, does not exceed 30 percent of the gross monthly income of a household of the appropriate size whose income is targeted to the applicable percentage of median income for the unit, as determined pursuant to N.J.A.C. 5:80-26.3, as may be amended and supplemented. The rent shall also comply with the affordability average requirement of N.J.A.C. 5:80-26.4, as may be amended and supplemented. Rent increases for units constructed pursuant to Low-Income Housing Tax Credit regulations shall be indexed pursuant to the regulations governing Low-Income Housing Tax Credits.

The Affirmative Marketing Plan is intended to target those potentially eligible persons who are least likely to apply for affordable units in that region. It is a continuing program that directs all marketing activities toward Housing Region 2 and is required to be followed throughout the period of deed restriction.
- C. The Affirmative Marketing Plan provides the following preferences, provided that units that remain unoccupied after these preferences are exhausted may be offered to households without regard to these preferences.

- D. The municipality has the ultimate responsibility for adopting the Affirmative Marketing Plan and for the proper administration of the Affirmative Marketing Process, including the marketing of initial sales and rentals and resales and re-rentals. The Administrative Agent designated by the municipality shall implement the Affirmative Marketing Process to ensure the Affirmative Marketing of all affordable units, with the exception of affordable programs that are exempt from Affirmative Marketing as noted herein.
- E. The Affirmative Marketing Process shall describe the media to be used in advertising and publicizing the availability of housing. In implementing the Affirmative Marketing Process, the Administrative Agent shall consider the use of language translations where appropriate.
- F. - A. In referring certified households to specific restricted units, to the extent feasible, and without causing an undue delay in occupying the unit, the Administrative Agent shall strive to:
 - (1) Ensure each bedroom is occupied by at least one person, except for age-restricted and supportive and special needs housing units;
 - (2) Provide a bedroom for every two adult occupants;
 - (3) With regard to occupants under the age of 18, accommodate the household's requested arrangement, except that such arrangement may not result in more than two occupants under the age of 18 occupying any bedroom; and

§107-77 Control Periods for Restricted Ownership Units and Enforcement Mechanisms.

- D. If existing affordability controls are being extended, the extended control period for a restricted ownership unit commences on the effective date of the extension, which is the end of the original control period.

- E. After the end of any control period, the restricted ownership unit remains subject to the affordability controls set forth in this subchapter until the owner gives notice of their intent to make an exit sale, at which point:
 - (1) If the municipality exercises the right to extend the affordability controls on the unit, no exit sale occurs and a new control period commences; or
 - (2) If the municipality does not exercise the right to extend the affordability controls on the unit, the affordability controls terminate following the exit sale.
- F. Prior to the issuance of any building permit for the construction/rehabilitation of restricted ownership units, the developer/owner and the municipality shall record a preliminary instrument provided by the Administrative Agent.
- G. Prior to the issuance of the initial certificate of occupancy for a restricted ownership unit and upon each successive sale during the period of restricted ownership, the Administrative Agent shall determine the restricted price for the unit and shall also determine the nonrestricted, fair market value of the unit based on either an appraisal or the unit's equalized assessed value without the restrictions in place.
- H. At the time of the initial sale of the unit and upon each successive price-restricted sale, the initial purchaser shall execute and deliver to the Administrative Agent a recapture note obliging the purchaser, as well as the purchaser's heirs, successors, and assigns, to repay, upon the first non-exempt sale after the unit's release from the restrictions set forth in this Ordinance, an amount equal to the difference between the unit's non-restricted fair market value and its restricted price, and the recapture note shall be secured by a recapture lien evidenced by a duly recorded mortgage on the unit.

 - (b) If the resale occurs on or after such anniversary date, the maximum resale price is the most recent non-exempt purchase price increased to reflect the cumulative annual percentage increases to the regional median income, effective as of the same date as the regional median income calculated pursuant to N.J.A.C. 5:80-26.3
 - (3) The owners of restricted ownership units may apply to the Administrative Agent to increase the maximum sales price for the unit on the basis of anticipated capital improvements. Eligible capital improvements shall be:
 - (a) those that render the unit suitable for a larger household or the addition of a bathroom.

- (b) The maximum resale price may be further increased by an amount up to the cumulative dollar value of approved capital improvements made after the last non-exempt sale for improvements and/or upgrades to the unit, excluding capital improvements paid for by the entity favored on the recapture note and recapture lien described at N.J.A.C. 5:80-26.6(d);
- (4) No increase for capital improvements is permitted if the maximum resale price prior to adjusting for capital improvements already exceeds whatever initial purchase price the unit would have if it were being offered for purchase for the first time at the initial affordability percentage. All adjustments for capital improvements are subject to 10-year, straight-line depreciation.

§107-79 Buyer Income Eligibility.

- A. Buyer income eligibility for restricted ownership units shall be established pursuant to N.J.A.C. 5:80-26.17, as may be amended and supplemented, such that very low-income ownership units shall be reserved for occupancy by households with a gross household income less than or equal to 30% of median income, low-income ownership units shall be reserved for occupancy by households with a gross household income less than or equal to 50% of median income and moderate-income ownership units shall be reserved for occupancy by households with a gross household income less than 80% of median income.
- B. Notwithstanding the foregoing, the Administrative Agent may, upon approval by the municipality, and subject to the Division's approval, permit a moderate-income purchaser to buy a low-income unit if and only if the Administrative Agent can demonstrate that there is an insufficient number of eligible low-income purchasers in the housing region to permit prompt occupancy of the unit and all other reasonable efforts to attract a low-income purchaser, including pricing and financing incentives, have failed. Any such low-income unit that is sold to a moderate-income household shall retain the required pricing and pricing restrictions for a low-income unit. Similarly, the administrative agent may permit low-income purchasers to buy very-low-income units in housing markets where, as determined by the Division, units are reserved for very-low-income purchasers, but there is an insufficient number of very-low-income purchasers to permit prompt occupancy of the units. In such instances, the purchased unit must be maintained as a very-low-income unit and sold at a very-low-income price point such that on the next resale the unit will still be affordable to very-low-income households and able to be purchased by a very-low-income household. A

very-low-income unit that is seeking bonus credit pursuant to N.J.S.A. 52:27D-311.k(9) must first be advertised exclusively as a very-low-income unit according to the Affirmative Marketing requirements at N.J.A.C. 5:80-26.16, then advertised as a very-low-income or low-income unit for at least 30 additional days prior to referring any low-income household to the unit.

- C. A certified household that purchases a restricted ownership unit must occupy it as the certified household's principal residence and shall not lease the unit; provided, however, that the Administrative Agent may permit the owner of a restricted ownership unit, upon application and a showing of hardship, to lease the restricted unit to another certified household for a period not to exceed one year.
- D. The Administrative Agent shall certify a household as eligible for a restricted ownership unit when the household is a low-income household or a moderate-income household, as applicable to the unit, and the estimated monthly housing cost for the particular unit (including principal, interest, property taxes, homeowner and private mortgage insurance and condominium or homeowner association fees, as applicable) does not exceed 35 percent of the household's eligible monthly income; provided, however, that this limit may be exceeded if one or more of the following circumstances exists:
 - (1) The household currently pays more than 35% (40% for households eligible for age-restricted units) of its gross household income for housing expenses, and the proposed housing expenses will reduce its housing costs;
 - (2) The household has consistently paid more than 35% (40% for households eligible for age-restricted units) of eligible monthly income for housing expenses in the past and has proven its ability to pay; or
 - (3) The household is currently in substandard or overcrowded living conditions;
 - (4) The household documents the existence of assets, within the asset limitation otherwise applicable, with which the household proposes to supplement the rent payments

§107-80 Limitations on Indebtedness Secured by Ownership Unit; Subordination.

- A. Prior to incurring any indebtedness to be secured by a restricted ownership unit, the owner shall apply to the Administrative Agent for a determination in writing that the proposed indebtedness complies with the provisions of this Section, and the Administrative Agent shall issue such determination prior to the owner incurring such indebtedness.
- B. With the exception of original purchase money mortgages, neither an owner nor a lender shall at any time during the control period cause or permit the total indebtedness secured by a restricted ownership unit to exceed 95% of the maximum allowable resale price of that unit, as such price is determined by the Administrative Agent in accordance with N.J.A.C. 5:80-26.7(c).

§107-81 Control Periods for Restricted Rental Units.

- A. Control periods for units that meet the definition of prior round units shall be pursuant to the 2001 UHAC rules originally adopted October 1, 2001, 33 N.J.R. 3432, and amended December 20, 2004, 36 N.J.R. 5713 and shall remain subject to the requirements of this ordinance for a period of at least 30 years as applicable unless otherwise indicated.
- B. Other than for prior round units, control periods for restricted rental units shall be in accordance with N.J.A.C. 5:80-26.12, as may be amended and supplemented, and each restricted rental unit shall remain subject to the requirements of this Ordinance for a period

of at least 40 years. Restricted rental units created as part of developments receiving 9% Low-Income Housing Tax Credits must comply with a control period of not less than a 30-year compliance period plus a 15-year extended use period for a total of 45 years.

- C. The affordability control period for a restricted rental unit shall commence on the first date that a unit is issued a certificate of occupancy following the execution of the deed restriction or, if affordability controls are being extended, on the effective date of the extension, which is the end of the original control period.
- D. Rehabilitated renter-occupied housing units that are improved to code standards shall be subject to affordability controls for a period of not less than 10 years.
- E. Prior to the issuance of any building permit for the construction/rehabilitation of restricted rental units, the developer/owner and the municipality shall record a preliminary instrument provided by the Administrative Agent.
- F. Deeds of all real property that include restricted rental units shall contain deed restriction language. The deed restriction shall have priority over all mortgages on the property. The deed restriction shall be recorded by the developer with the county records office, and provided as filed and recorded, to the Administrative Agent within 30 days of the receipt of a certificate of occupancy.
- G. A restricted rental unit shall remain subject to the affordability controls of this Ordinance despite the occurrence of any of the following events:
 - (1) Sublease or assignment of the lease of the unit;
 - (2) Sale or other voluntary transfer of the ownership of the unit;
 - (3) The entry and enforcement of any judgment of foreclosure on the property containing the unit; or
 - (4) The end of the control period, until the occupant household vacates the unit, or is certified as over-income and the controls are released in accordance with UHAC.

§107-82 Rent Restrictions for Rental Units; Leases and Fees.

- A. The initial rent for a restricted rental unit shall be set by the Administrative Agent.
- B. A written lease shall be required for all restricted rental units, except for units in an assisted living residence, and tenants shall be responsible for security deposits and the full amount of the rent as stated on the lease. A copy of the current lease for each restricted rental unit shall be retained on file by the Administrative Agent.
- C. No additional fees, operating costs, or charges shall be added to the approved rent (except, in the case of units in an assisted living residence, to cover the customary charges for food and services) without the express written approval of the Administrative Agent.
 - (1) Operating costs, for the purposes of this section, include certificate of occupancy fees, move-in fees, move-out fees, mandatory internet fees, mandatory cable fees, mandatory utility submetering fees, and for developments with more than one and a half off-street parking spaces per unit, parking fees for one parking space per household.
- D. Any fee structure that would remove or limit affordable unit occupant access to any amenities or services that are required or included for market-rate unit occupants is prohibited. Application fees (including the charge for any credit check) shall not exceed 5% of the monthly rent of the applicable restricted unit to be applied to the costs of administering the controls applicable to the unit as set forth in this Ordinance.

- E. Fees for unit-specific, non-communal items that are charged to market-rate unit tenants on an optional basis, such as pet fees for tenants with pets, storage spaces, bicycle-share programs, or one-time rentals of party or media rooms, may also be charged to affordable unit tenants, if applicable.
- F. Pet fees may not exceed \$30.00 per month and associated one-time payments for optional fees pertaining to pets, such as a pet cleaning fee, are prohibited.
- G. Fees charged to affordable unit tenants for other optional, unit-specific, non-communal items shall not exceed the amounts charged to market-rate tenants.
- H. For any prior round rental unit leased before December 20, 2024, elements of the existing fee structure that are consistent with prior rules, but inconsistent with 5:80-26.13(c)1, may continue until the occupant household's current lease term expires or that occupant household vacates the unit, whichever occurs later.

§107-83 Tenant Income Eligibility.

- A. Tenant income eligibility shall be determined pursuant to N.J.A.C. 5:80-26.14, as may be amended and supplemented, and shall be determined as follows:
 - (1) Very low-income rental units shall be reserved for households with a gross household income less than or equal to 30% of the regional median income by household size.
 - (2) Low-income rental units shall be reserved for households with a gross household income less than or equal to 50% of the regional median income by household size.
 - (3) Moderate-income rental units shall be reserved for households with a gross household income less than 80% of the regional median income by household size.
- B. The Administrative Agent shall certify a household as eligible for a restricted rental unit when the household is a very low-income, low-income or moderate-income household, as applicable to the unit, and the rent proposed for the unit does not exceed 35% (40% for age-restricted units) of the household's eligible monthly income as determined pursuant to N.J.A.C. 5:80-26.17, as may be amended and supplemented; provided, however, that this limit may be exceeded if one or more of the following circumstances exists:
 - (1) The household currently pays more than 35% (40% for households eligible for age-restricted units) of its gross household income for rent, and the proposed rent will reduce its housing costs;
 - (2) The household has consistently paid more than 35% (40% for households eligible for age-restricted units) of eligible monthly income for rent in the past and has proven its ability to pay;
 - (3) The household is currently in substandard or overcrowded living conditions;
 - (4) The household documents the existence of assets with which the household proposes to supplement the rent payments; or
 - (5) The household documents reliable anticipated third-party assistance from an outside source such as a family member in a form acceptable to the Administrative Agent and the owner of the unit.
- C. The applicant shall file documentation sufficient to establish the existence of any of the circumstances in (1) through (5) above with the Administrative Agent, who shall counsel the household on budgeting.

§107-84 Municipal Housing Liaison.

- A. The Municipal Housing Liaison shall be approved by municipal resolution.

A. The owner of all developments containing affordable units subject to this subchapter or the assigned management company thereof shall provide to the administrative agent:

(1) Site plan, architectural plan, or other plan that identifies the location of each affordable unit, if subject to the site plan approval, settlement agreement, or other applicable document regulating the location of affordable units. (2) The total number of units in the project and the number of affordable units.

(3) The breakdown of the affordable units by or identification of affordable unit locations by bedroom count and income level, including street addresses / unit numbers, if subject to the site plan approval, settlement agreement, or other applicable document regulating the breakdown of affordable units. (1) Send to all current tenants in all restricted rental units an annual mailing containing a notice as to the maximum permitted rent and a reminder of the requirement that the unit must remain their principal place of residence, which is defined as residing in the unit at least 260 days out of each calendar year, together with the telephone number, mailing address, and email address of the administrative agent to whom complaints of excess rent can be issued.

- C. In addition to A, above, the owner of affordable for-sale developments containing affordable for-sale units subject to this subchapter or the assigned management company thereof shall provide the administrative agent:

§107-87 Enforcement of Affordable Housing Regulations

- A. Upon the occurrence of a breach of any of the regulations governing the affordable unit by an owner, developer or tenant, the municipality shall have all remedies provided at law or equity, including but not limited to foreclosure, tenant eviction, municipal fines, a requirement for household recertification, acceleration of all sums due under a mortgage, recoupment of any funds from a sale in the violation of the regulations, injunctive relief to prevent further violation of the regulations, entry on the premises, and specific performance.
- B. After providing written notice of a violation to an owner, developer or tenant of an affordable unit and advising the owner, developer or tenant of the penalties for such violations, the municipality may take the following action against the owner, developer or tenant for any violation that remains uncured for a period of 60 days after service of the written notice:
 - (1) The municipality may file a court action pursuant to N.J.S.A. 2A:58-11 alleging a violation, or violations, of the regulations governing the affordable housing unit. If the owner, developer or tenant is found by the Court to have violated any provision of the regulations governing affordable housing units the owner, developer or tenant shall be subject to one or more of the following penalties, at the discretion of the Court:
 - (a) A fine of not more than \$50 or imprisonment for a period not to exceed 1 day, or both, unless otherwise specified below, provided that each and every day that the violation continues or exists shall be considered a separate and specific violation of these provisions and not a continuation of the initial offense;
 - (b) In the case of an owner who has rented his or her low- or moderate-income unit in violation of the regulations governing affordable housing units, payment into the Affordable Housing Trust Fund of the gross amount of rent illegally collected;
 - (c) In the case of an owner who has rented his or her affordable unit in violation of the regulations governing affordable housing units, payment of an innocent tenant's reasonable relocation costs, as determined by the Court.
- C. The municipality shall have the authority to levy fines against the owner of the development for instances of noncompliance with NJHRC advertising requirements (N.J.S.A. 52:27D-

321.6.e.(2)), following written notice to the owner. The fine for the first offense of noncompliance shall be \$5,000, the fine for the second offense of noncompliance shall be \$10,000, and the fine for each subsequent offense of noncompliance shall be \$15,000.

- D. The municipality may file a court action in the Superior Court seeking a judgment, which would result in the termination of the owner's equity or other interest in the unit, in the nature of a mortgage foreclosure. Any judgment shall be enforceable as if the same were a judgment of default of the first purchase money mortgage and shall constitute a lien against the low- or moderate-income unit.
- (1) Such judgment shall be enforceable, at the option of the municipality, by means of an execution sale by the Sheriff, at which time the affordable unit of the violating owner shall be sold at a sale price which is not less than the amount necessary to fully satisfy and pay off any first purchase money mortgage and prior liens and the costs of the enforcement proceedings incurred by the municipality, including attorney's fees. The violating owner shall have the right to possession terminated as well as the title conveyed pursuant to the Sheriff's sale.
 - (2) The proceeds of the Sheriff's sale shall first be applied to satisfy the first purchase money mortgage lien and any prior liens upon the low- or moderate-income unit. The excess, if any, shall be applied to reimburse the municipality for any and all costs and expenses incurred in connection with either the court action resulting in the judgment of violation or the Sheriff's sale. In the event that the proceeds from the Sheriff's sale are insufficient to reimburse the municipality in full as aforesaid, the violating owner shall be personally responsible for the full extent of such deficiency, in addition to any and all costs incurred by the municipality in connection with collecting such deficiency. In the event that a surplus remains after satisfying all of the above, such surplus shall be placed in escrow by the municipality for the owner and shall be held in such escrow for a maximum period of two years or until such earlier time as the owner shall make a claim with the municipality for such. Failure of the owner to claim such balance within the two year period shall automatically result in a forfeiture of such balance to the municipality. Any interest accrued or earned on such balance while being held in escrow shall belong to and shall be paid to the municipality, whether such balance shall be paid to the owner or forfeited to the municipality.
 - (3) Foreclosure due to violation of the regulations governing affordable housing units shall not extinguish the restrictions of the regulations governing affordable housing units as they apply to the low- and moderate-income unit. Title shall be conveyed to the purchaser at the Sheriff's sale, subject to the restrictions and provisions of the regulations governing the affordable housing unit. The owner determined to be in violation of the provisions of this plan and from whom title and possession were taken by means of the Sheriff's sale shall not be entitled to any right of redemption.
 - (4) If there are no bidders at the Sheriff's sale, or if insufficient amounts are bid to satisfy the first purchase money mortgage and any prior liens, the municipality may acquire title to the affordable unit by satisfying the first purchase money mortgage and any prior liens and crediting the violating owner with an amount equal to the difference between the first purchase money mortgage and any prior liens and costs of the enforcement proceedings, including legal fees and the maximum resale price for which the affordable unit could have been sold under the terms of the regulations governing affordable housing units. This excess shall be treated in the same manner as the excess that would have been realized from an actual sale as previously described.

- (5) Failure of the low- or moderate-income unit to be either sold at the Sheriff's sale or acquired by the municipality shall obligate the owner to accept an offer to purchase from any qualified purchaser that may be referred to the owner by the municipality, with such offer to purchase being equal to the maximum resale price of the low- or moderate-income unit as permitted by the regulations governing affordable housing units.
 - (6) The affordable unit owner shall remain fully obligated, responsible and liable for complying with the terms and restrictions of governing affordable housing units until such time as title is conveyed from the owner.
- E. It is the responsibility of the municipal housing liaison and the administrative agent(s) to ensure that affordable housing units are administered properly. All affordable units must be occupied within a reasonable amount of time and be re-leased within a reasonable amount of time upon the vacating of the unit by a tenant. If an administrative agent or municipal housing liaison becomes aware of or suspects that a developer, landlord, or property manager has not complied with these regulations, it shall report this activity to the Division. The Division must notify the developer, landlord, or property manager, in writing, of any violation of these regulations and provide a 30-day cure period. If, after the 30-day cure period, the developer, landlord, or property manager remains in violation of any terms of this subchapter, including by keeping a unit vacant, the developer, landlord, or property manager may be fined up to the amount required to construct a comparable affordable unit of the same size and the deed-restricted control period will be extended for the length of the time the unit was out of compliance, in addition to the remedies provided for in this section. For the purposes of this subsection, a reasonable amount of time shall presumptively be 60 days, unless a longer period of time is required due to demonstrable market conditions and/or failure of the municipal housing liaison or the administrative agent to refer a certified tenant.
- F. Banks and other lending institutions are prohibited from issuing any loan secured by owner occupied real property subject to the affordability controls set forth in this subchapter if such loan would be in excess of amounts permitted by the restriction documents recorded in the deed or mortgage book in the county in which the property is located. Any loan issued in violation of this subsection is void as against public policy.
- G. The Agency and the Department hereby reserve, for themselves and for each administrative agent appointed pursuant to this subchapter, all of the rights and remedies available at law and in equity for the enforcement of this subchapter, including, but not limited to, fines, evictions, and foreclosures as approved by a county-level housing judge.
- H. Appeals
- (1) Appeals from all decisions of an administrative agent appointed pursuant to this subchapter must be filed, in writing, with the municipal housing liaison. A decision by the municipal housing liaison may be appealed to the Division. A written decision of the Division Director upholding, modifying, or reversing an administrative agent's decision is a final administrative action.

The governing body of the Borough of Alpha declares that it would have passed the ordinance and each section and subsection thereof, irrespective of the fact that any one or more of the subsections, sentences, clauses or phrases may be declared unconstitutional or invalid.

A. Purpose

- (1) This section establishes standards for the collection, maintenance, and expenditure of development fees that are consistent with the amended Fair Housing Act (P.L.2024, c.2), N.J.A.C. 5:99, and the Statewide Non-Residential Development Fee Act (C. 40:55D-8.1 through 8.7). Fees collected pursuant to this Ordinance shall be used for the sole purpose of providing very low-, low- and moderate-income housing in accordance with a Court-approved Spending Plan.

B. Basic Requirements

- (1) The municipality previously adopted a development fee ordinance, which established the Municipal Affordable Housing Trust Fund.
- (2) The municipality shall not spend development fees until the court has approved a plan for spending such fees.

C. Definitions

- (1) The terms used in this Chapter shall be as defined in Chapter 410, Article XI, §410-68 of the Alpha Borough Zoning Ordinance.

D. Residential Development Fees

- (1) Imposed Fees.
 - (a) Residential developers, except for developers of the types of development specifically exempted below, shall pay a fee of 1.5% of the equalized assessed value for residential development, provided no increased density is permitted. Development fees shall also be imposed and collected when an additional dwelling unit is added to an existing

residential structure; in such cases, the fee shall be calculated based on the increase in the equalized assessed value of the property due to the additional dwelling unit.

- (b) When an increase in residential density is permitted pursuant to a “d” variance granted under N.J.S.A. 40:55D-70d(5), developers shall be required to pay a “bonus” development fee of 6.0% of the equalized assessed value for each additional unit that may be realized, except that this provision shall not be applicable to a development that will include affordable housing. If the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.

Example: If an approval allows four units to be constructed on a site that was zoned for two units, the fees could equal 1.5% of the equalized assessed value on the first two units; and the specified higher percentage of 6% of the equalized assessed value for the two additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.

- (2) Eligible exactions, including exactions for residential developments.
 - (a) Affordable housing developments, developments where the developer is providing for the construction of affordable units elsewhere in the municipality, and developments where the developer has made an eligible payment in lieu of on-site construction of affordable units, if permitted by ordinance, or by agreement with the municipality and if approved by a municipality prior to the statutory elimination of payments in-lieu on March 20, 2024 per P.L.2024, c.2, shall be exempt from development fees.
 - (b) Developments that have received preliminary or final site plan approval prior to the adoption of this ordinance and any preceding ordinance permitting the collection of development fees shall be exempt from the payment of development fees, unless the developer seeks a substantial change in the original approval. Where a site plan approval does not apply, the issuance of a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for the purpose of determining the right to an exemption. In all cases, the applicable fee percentage shall be determined based upon the development fee ordinance in effect on the date that the construction permit is issued.
 - (c) Development fees shall be imposed and collected when an existing structure undergoes a change to a more intense use, is demolished and replaced, or is expanded, if the expansion is not otherwise exempt from the development fee requirement. The development fee shall be calculated on the increase in the equalized assessed value of the improved structure.
 - (d) No development fee shall be collected for the demolition and replacement of a residential building resulting from a fire or natural disaster.

E. Non-Residential Development Fees

- (1) Imposed Fees.
 - (a) Within all zoning districts, non-residential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to 2.5% of the equalized assessed value of the land and improvements, for all new non-residential construction on an unimproved lot or lots.

- (b) Within all zoning districts, non-residential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to 2.5% of the increase in equalized assessed value resulting from any additions to existing structures to be used for non-residential purposes.
 - (c) Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of 2.5% shall be calculated on the difference between the equalized assessed value of the pre-existing land and improvements and the equalized assessed value of the newly improved structure; i.e., land and improvements; and such calculation shall be made at the time a final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the non-residential development fee shall be zero.
- (2) Eligible exactions, ineligible exactions and exemptions for non-residential development.
 - (1) The non-residential portion of a mixed-use inclusionary or market-rate development shall be subject to a 2.5% development fee, unless otherwise exempted below.
 - (2) The 2.5% fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within existing footprint, reconstruction, renovations and repairs.
 - (3) Non-residential developments shall be exempt from the payment of non-residential development fees in accordance with the exemptions required pursuant to the Statewide Non-Residential Development Fee Act (N.J.S.A. 40:55D-8.1 through 8.7), as specified in Form N-RDF “State of New Jersey Non-Residential Development Certification/Exemption.” Any exemption claimed by a developer shall be substantiated by that developer.
 - (4) A developer of a non-residential development exempted from the non-residential development fee pursuant to the Statewide Non-Residential Development Fee Act shall be subject to the fee at such time as the basis for the exemption no longer applies, and shall make the payment of the non-residential development fee, in that event, within three years after that event or after the issuance of the final certificate of occupancy of the non-residential development, whichever is later.
 - (5) If a property that was exempted from the collection of a non-residential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this section within 45 days of the termination of the property tax exemption. Unpaid non-residential development fees under these circumstances may be enforceable by the municipality as a lien against the real property of the owner.

F. Collection procedures

- (1) Upon the granting of a preliminary, final or other applicable approval for a development, the applicable approving authority shall direct its staff to notify the construction official responsible for the issuance of a building permit.
- (2) For non-residential developments only, the developer shall also be provided with a copy of Form N-RDF, “State of New Jersey Non-Residential Development Certification/Exemption,” to be completed by the developer as per the instructions provided in the Form N-RDF. The construction official shall verify the information submitted by the non-residential developer as per the instructions provided on Form N-RDF. The tax assessor

shall verify exemptions and prepare estimated and final assessments as per the instructions provided in Form N-RDF.

- (3) The construction official responsible for the issuance of a building permit shall notify the tax assessor of the issuance of the first construction permit for a development that is subject to a development fee.
- (4) Within 90 days of receipt of that notice, the tax assessor shall provide an estimate, based on the plans filed, of the equalized assessed value of the development.
- (5) The construction official responsible for the issuance of a final certificate of occupancy shall notify the tax assessor of any and all requests for the scheduling of a final inspection on property that is subject to a development fee.
- (6) Within 10 business days of a request for the scheduling of a final inspection, the tax assessor shall confirm or modify the previously estimated equalized assessed value of the improvements associated with the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.
- (7) Should the municipality fail to determine or notify the developer of the amount of the development fee within 10 business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in Subsection b. of section 37 of P.L.2008, c.46 (N.J.S.A. 40:55D-8.6).
- (8) Fifty percent (50%) of the development fee shall be collected at the time of issuance of the construction permit. The remaining portion shall be collected at the time of issuance of the certificate of occupancy. The developer shall be responsible for paying the difference between the fee calculated at the time of issuance of the construction permit and that determined at the time of issuance of certificate of occupancy.

G. Appeal of Development Fees

- (1) A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by that board, collected fees shall be placed in an interest-bearing escrow account by the municipality. Appeals from a determination of the board may be made to the Tax Court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.
- (2) A developer may challenge non-residential development fees imposed by filing a challenge with the director of the Division of Taxation. Pending a review and determination by the director, which shall be made within 45 days of receipt of the challenge, collected fees shall be placed in an interest-bearing escrow account by the municipality. Appeals from a determination of the director may be made to the Tax Court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

- (2) The following additional funds shall be deposited in the Municipal Affordable Housing Trust Fund and shall at all times be identifiable by source and amount:
 - (a) Payments in lieu of on-site construction of an affordable unit, where previously permitted by ordinance or by agreement with the municipality and if approved by a municipality prior to the statutory elimination of payments in-lieu on March 20, 2024 per P.L.2024, c.2;

- (4) Occurrence of any of the following deficiencies may result in the Division requiring the forfeiture of all or a portion of the funds in the municipal Affordable Housing Trust Fund:
 - (a) Failure to meet deadlines for information required by the Division in its review of a development fee ordinance;
 - (b) Failure to commit or expend development fees within four years of the date of collection in accordance with N.J.A.C. 5:99-5.5;
